About Us

Hello, expectant mothers. We are Blake and Brett from New Jersey, living in a suburban community with our wonderful son. I am a People Business Partner, while Brett works as a Flight Attendant. Our close-knit family is built on values such as empathy, thoughtfulness, and loyalty.

From our busy lives, we always make time for family, friends, and activities like traveling, watching movies, and home renovations. The decision to adopt was natural for us; we always dreamed of starting a family. We did our research and found that adoption was the right path for us.

After welcoming our son through adoption, we realized the joy and fulfillment it brought to our lives. Now, as we look to expand our family once again, we are excited about the possibility of bringing another child into our loving home. We are a confident, devoted, and adventurous couple, ready to provide a child with a warm and supportive environment. If you are considering adoption, we hope to offer you a glimpse into our family and the love we have to share. Thank you for considering us as potential parents for your precious baby.

Get to know us

We have been together for 19 years and married for 10 years. We met through mutual friends when we were both about to embark on a new journey in life. Brett was off to chase his dream of becoming a flight attendant and Blake was looking to relocate to finish his college degree. It only took one meeting for us to realize that we had found something very special in each other and we were inseparable from that day forward. We have lived in several major cities together..Washington DC, Los Angeles, New York City and Chicago, before ultimately finding a slower pace of life in New Jersey that felt perfect for us to call home and settle down in.

Our extended family

We are both extremely close with our families and have the luxury of being from neighboring towns. This allows us to spend the maximum amount of time with our families and not choose who to visit when. We both have multiple siblings and are now uncles to a big clan of neices and nephews. We prioritize annual family vacations with each side of our extended family, picking a new and exciting spot each year that we have not been to before.

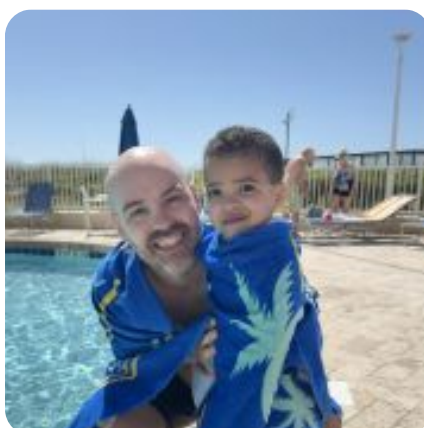

Our home

We live in a 5 bedroom 3-bath house on a quiet street at the end of a cul de sac with great neighbors. We're a 5-minute drive to three different parks with a lot of recreational activities and a nature preserve, which is amazing because we are always looking to burn energy and love a good slide. There are also both hiking and bike trails, tennis courts and a farmer's market located within a short distance of our home.

Vacations

Holidays

Christmas is our favorite holiday and we really enjoy bringing the holiday spirit into our home through decoration. Some of our favorite memories that continue throughout the years are drinking hot apple cider while decorating the tree and watching cheesy life-time movies. Every year we go with family to cut down a tree from a local tree farm. This has been a long standing favorite holiday tradition.

Fun adventures

Our Friends

Having lived in a variety of different cities throughout our life, we are fortunate to have friends all across the United States. We are both still extremely close with our childhood friends and open our home to them often. We both joke that we have become somewhat of a bed and breakfast as we constantly have visitors from around the country and love to show them our favorite stomping grounds and local activities. As an extension of our immediate family, we play an uncle-like role to several of our friend's children as we have known most since they were born.

Thank you.
